

THE KEYLOG

The Camp Nebagamon Alumni Association Newsletter • Spring 1992

WELCOME, CNAA MEMBERS!

THIS FIRST ISSUE OF THE KEYLOG, launches the Camp Nebagamon Alumni Association (CNAA). We hope your affiliation with CNAA will strengthen those intangible bonds which connect 63 years of CN campers and staff. Though we might have been at Nebagamon at different times, when someone says "How" or "Big House" or "A.K. Agikamik," our images are the same. We share common memories.

The Keylog, which will be published 3 times annually, will deal with Nebagamon's past, present, and future. We'll print some old Arrowhead articles, some old pictures, and perhaps some sermonettes to tickle your memory. News of the Camp Family will tell you where alumni are and what they are doing. We have so much news to convey that only a fraction of it is in this issue! The Keylog will also keep you informed about current & future Nebagamon and CNAA events (See page 3.)

WE WILL PUBLISH AN ALUMNI DIRECTORY AS SOON AS WE HAVE AN ADEQUATE DATABASE. THIS IS WHERE YOU CAN HELP! Finding current addresses of alumni is our major challenge. Please help CNAA by sending other alumni addresses. Tell other alumni about CNAA. The larger membership we have, the stronger association we will have, and the more news your editors can circulate.

Some responses to our initial mailing:

"CNAA is a TERRIFIC IDEA! I'm looking forward to a few years from now-the good Lord willing-when Don and I can come up to camp during the summer to visit his son, Timothy - so 3 generations can go out in 1 canoe!"
....BUCK ULLMAN '34-'35

"I think the alumni association is a great idea."
....JOHN GROSSMAN '44-'51

"What fun, what a service, and way to stay connected."
....JOHN STEINER '54-'64

"I was delighted to hear from you after all these years. Just reading your letter and completing the registration was enough to jog some of my memories."
....TOM TRAGER '56-'60

"Great to hear from you. CNAA is a first-rate idea. Sign me up!"
....PAUL CHUTKOW '58-'66

"This is a GREAT idea."
....FRED NACHMAN '59-'64

"This is a great idea. Thanks and good luck executing it."
....DAN MEYER '68-'75

"Great hearing that the Camp Nebagamon spirit lives on."
....DAVID SATZ '71-'74

"What a terrific idea. There are very few weeks during each and every year when my mind does not wander back to my days at CN. This alumni association will ensure that I will always be able to keep the fires burning."
....RICK SMITH '71-'81

"We are delighted to launch CNAA & edit The Keylog!"
....SALLY & NARDIE '34-'92

A BIG HOW and heartfelt thanks to:

Dana Gustafson Regan (Lake Nebagamon/Kansas City 77-82) for graphic design work on The Keylog....to **Spencer Garland** (St. Louis 69-74) for doing the legal work to incorporate CNAA and secure its 501.C.7 (not-for-profit-social-club) IRS status...and to the 9 alumni and Camp Nebagamon for providing seed money to start CNAA.

*"There is a destiny which guides us.
None goes his way alone.
All that we send into the lives of others
Comes back into our own."*

Edwin Markham

OLD FIRES - NEW KEEPERS

Warmth from Nebagamon's fires continues to radiate ever brightly. Only the "keepers" of the fires have changed. Muggs and Janet Lorber, CN's Founders, started it all in 1929 with 43 campers and 10 counselors. After working with the Lorbers from 1955 to 1959, Nardie and Sally Lorber Stein then kept the fires burning from 1960 through the 1989 season. By then, camp had 230 campers and a staff of 125. In 1988, Roger and Judy Wallenstein of Chicago became Associate Directors and owners of camp, and in 1990 assumed full responsibility for Nebagamon's direction. Nardie and Sally continue to serve as Consulting Directors.

As many readers know, Roger was a CN camper in the 50's, became a staff member, and along with Judy, joined the administrative staff in 1986. He has a background in journalism, educational psychology, coaching, and taught at the Francis Parker School in Chicago for 15 years. Judy's experience is in education, social work, and food management. Roger and Judy are highly qualified as camp directors, but beyond their paper qualifications are their qualities of commitment, humor, intelligence, warmth, and energy. They are dedicated to the spirit and values of Nebagamon. With 2 very successful seasons under their belts, they will carry Nebagamon forward with a unique blend of dynamism, wisdom, and tradition. We hope each of you can meet Roger and Judy when they are in your city for CN Winter Reunions next Fall and Winter. Their schedules will appear in future Keylogs.

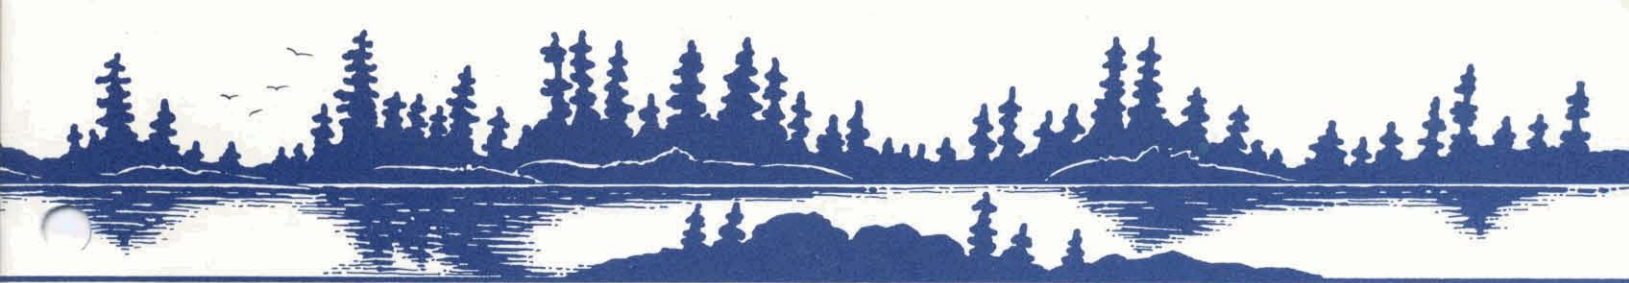

Janet & Muggs Lorber

Sally & Nardie Stein, Judy & Roger Wallenstein

CAMP NEBAGAMON TODAY

*"Make new friends, but keep the old."
"Let's learn to welcome and accept differences."*

These have been major goals of Nebagamon since its inception, and were reflected in the original 1929 camp family, which had 44 campers from 15 cities and 9 states. (See below)

Nebagamon remains committed to this diversity, though this means many weeks on the road between seasons, holding reunions, and presenting camp in communities throughout the country. In 1974, Nebagamon began accepting boys for 4 or 8-week sessions. Thus, while we still have a total of 230 beds, the number who can attend camp each summer has increased. In the 1991 season, Nebagamon welcomed 328 boys from 51 cities in 28 states, as well as 24 boys from Mexico, Denmark, England, Spain, France, and Japan. Our 125-person staff came from 21 states, as well as Mexico, Denmark, England, and New Zealand.

Sharing time and space at camp with people from all over the country and world is personally enriching, and broadens horizons. Our Alumni Association continues this tradition, as indicated by the diversity of zip codes and countries on the CNAA mailing list.

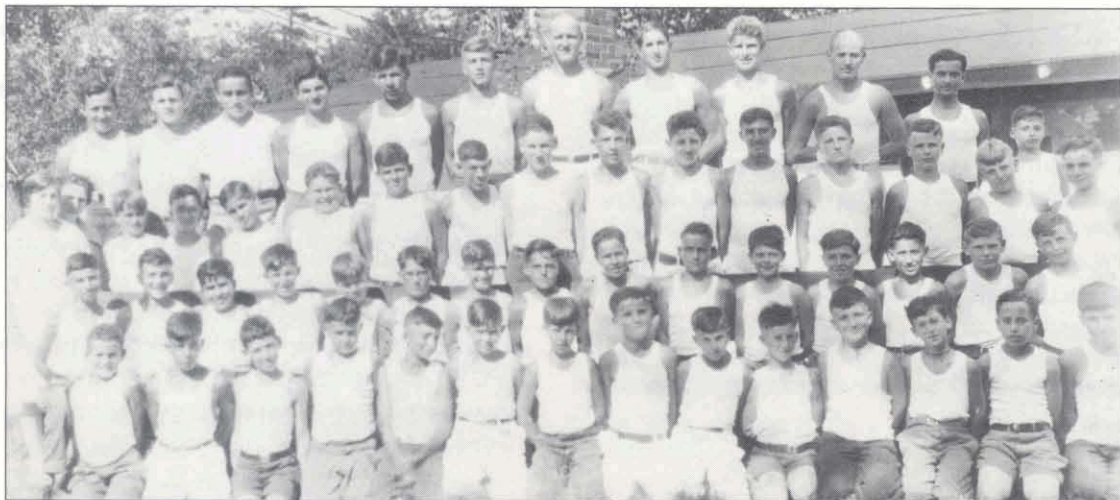

JULY 25th - A CNAA PICNIC REUNION IN YOUR CITY

Grab your calendar and reserve this date for a CNAA celebration in your city. We commemorate July 25th, Muggs Lorber's birthday, at camp with an All-Camp Birthday Party. Now we'll continue the tradition by having picnic-reunions in cities throughout the country. CNAA Alumni and Nebagamon's current camp family will share a bond as we all gather to celebrate Nebagamon togetherness.

WE HOPE THAT A FEW ALUMNI IN EACH CITY WILL VOLUNTEER TO BE PICNIC CHAIRMEN. City chairmen will select a picnic site with a shelter and set a time to gather on Saturday, July 25, 1992. Notify us - and we will send you a printout with local names, addresses, phone numbers. We can even send you address labels. The next issue of *The Keylog* in early Summer will announce details of those picnics taking place this coming summer. These gatherings will be BYOP: Bring your own picnic!

Several alumni suggested this fine idea. It will take time to develop, but we foresee it gaining momentum through the years. What a predictable and wonderful way for alumni and their families of all ages to continue sharing the camaraderie of yesteryear each July 25th!!!

 died 9/10/91 after a distinguished career teaching
 history at Northwest Missouri State U. He served on the
 Nebagamon staff from 1935-1948.

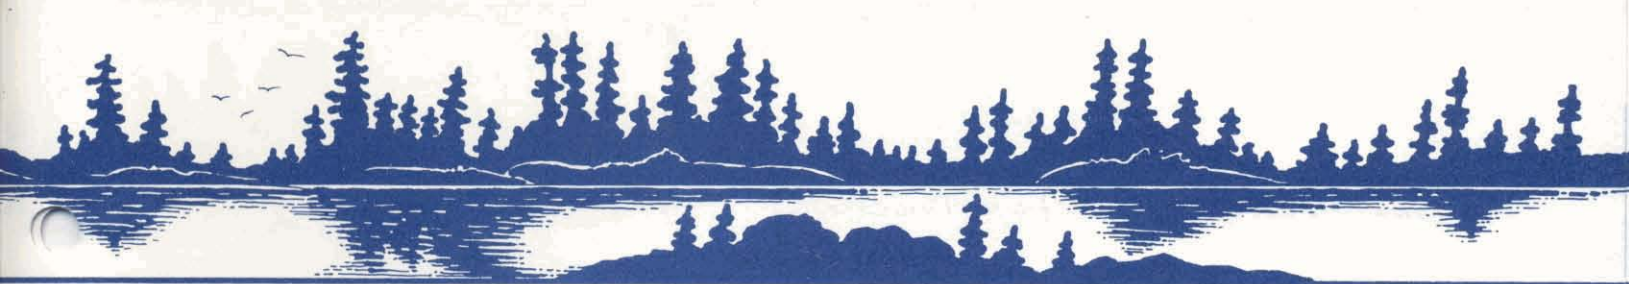

1930's

It's wonderful to get updates on camp friends. In the first wave of CNA registrations, we gathered over 300 news items! Obviously we cannot print all of them in this first issue — many will appear in future Keylogs. The success of this column DEPENDS ON YOU — so keep sending us news about yourself and fellow alumni. We'll provide envelopes for this in future issues.

We know you want to locate YOUR friends, so we have classified news by decade. This can be confusing, however, with people who span decades (i.e. 68-73) - so we have assigned alumni to the decade in which most of their CN years were logged. Staff whose CN years span several decades (i.e. 60,70,80), have an asterisk (*) by their name and appear in their earliest decade at Nebagamon.

NEWS OF THE CAMP FAMILY

1950's *continued from page 4*

for the City of Deerfield, IL....**Sam Davis** (Toledo/San Francisco) is a Professor of Architecture at U. Cal.
